

Pavia Power Pads™

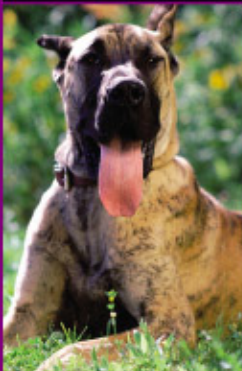

Prevent Licking and Promote Healing For Dogs and Horses

A Revolutionary Application Method: Just Dab the Pad and then Discard

Pavia Power Pads™ is a revolutionary breakthrough product that not only prevents dogs and horses from licking irritations, it also promotes and speeds healing. The application method couldn't be any simpler; just dab the affected area with a Pavia Power Pad™ for a few seconds and then throw it away. There are no messy gels or sprays to deal with.

Pavia Powers Pads™ are Perfect for:

- Hot Spots
- Lick Granulomas
- Sores
- Wounds
- Post Surgical Incisions

Powerful Anti-Lick: Pavia Power Pads™ contain natural oregano oil, a terrible tasting substance, which prevents dogs from licking.

Powerful Healing: Pavia Power Pads™ contain propolis, a natural antibacterial from bee hives; and symphytum, a natural plant extract. Both have been shown to stimulate the production of collagen and speed the healing process. (Study on propolis published in the "Journal of the Royal Society of Medicine.") (Study "The Bactericidal Properties of Symphytum Herbal Extracts," Brigham Young University.) Pavia Power Pads™ contain **No Steroids**, which can slow or inhibit healing.

Pavia Power Pad™ Ingredient List: Saline, Propolis, Tincture, Glycerine, Oregano Oil and Symphytum Extract.

Directions for Use: Dab the Pavia Power Pad™ on the desired area and discard. Repeat twice daily for three weeks or until area is healed.

Cautions: For external veterinary use only. Avoid contact with eyes. Keep out of reach of children.

Pavia Power Pads™ are Packaged:

- 42 pads per jar
- 12 jars per box
